

In-Store Marketing Material Installation Guide

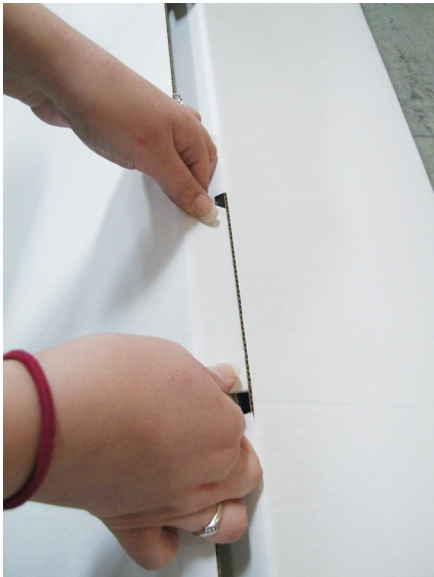

Freestanding Pallet Display

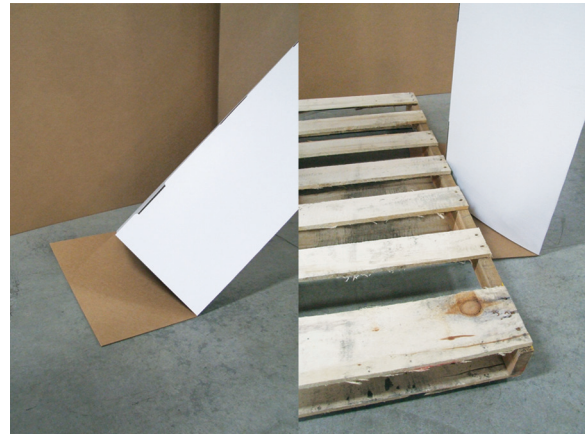

A.) Unfold one of the side pieces of the display and fold it into a triangle as shown.

B.) Fold the ends of one of the center tabs back as shown. (Starting in the center of the piece will make it easier to assemble.)

C.) Insert the tab into the slot on the opposite panel of the display. Repeat this step for all the tabs.

D.) With the bottom flap on the floor, stand the display piece up and slide it under the product pallet. Repeat steps A-D for the second side piece.
