

# Honeycrisp Apples *Perfectly Juicy!*

## *A Haggen exclusive—Honeycrisp Apples from BelleWood Acres.*

Haggen proudly offers Honeycrisp apples from the orchards of BelleWood Acres in Lynden. John and Dorie Belisle are **DEDICATED** and environmentally-responsible growers. Their big, **JUICY** apples will capture your appetite with a “burst” of flavor you’ve got to taste to believe. Because they’re grown in the mild climate of Western Washington, these Honeycrisps are **CRISPER**, **JUICIER** and **MORE DELICIOUS** than those grown east of the mountains. But our supply is limited, so be sure to stop by your nearby Haggen store before they’re gone. *Because another year is too long to wait for Honeycrisp apple perfection!*
