

Final Concept

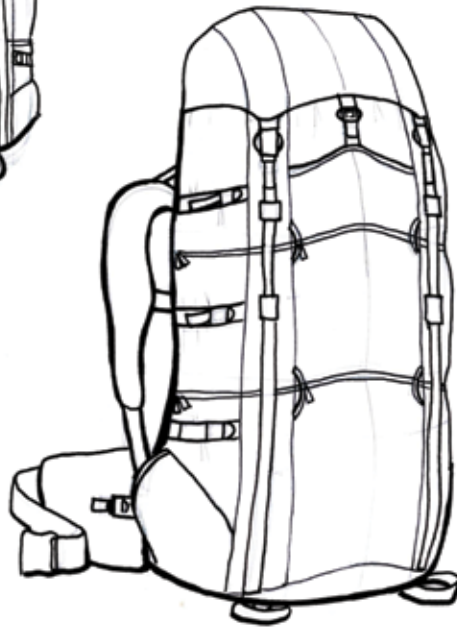

This backpack has a section in the middle that zips out and then the top and bottom section can be zipped together, creating a shorter and smaller backpack. The solution also includes a removable lid that doubles as a fanny pack and tilted drink pockets for easy access to water.

MIDDLE SECTION ZIPS OUT FOR A SMALLER PACK.

ANGLED WATER BOTTLE POCKET WITH ELASTIC BAND AT TOP

VELCRO LOOPS ATTACH PACK TO FRAME

DETACHABLE LID BECOMES FANNY PACK - GREAT FOR DAY HIKES.
