

**The Mini 3D offers three different modes of shooting for flexibility in gif making to match your lifestyle. Whether you're getting a 3D shot of your favorite performer, shooting in burst mode to capture your friend's skate trick, or just wanna do a fun gif montage, the Mini 3D is easy to use and ready for action!**

**Yours for \$299**

# **The MINI 3D**

**The only camera for gifting on the go**

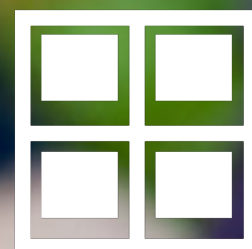

### 3D Mode

Snap a shot with all 4 lenses at once to make a wiggle style gif

### Action Mode

Shoots a burst from each lens in succession to make a flipbook style gif

### Manual Mode

Hit the shutter button for each photo to grab whatever 4 photos you please for your gif montage

Choose your shooting mode with the slider

Then just hit the shutter button to start making gifs!
