

THIS WORKHORSE DELIVERS RELIABILITY AND VERSATILITY

The Mack® General Carrier is a 4x4 tactical vehicle designed to provide infantry forces with the best mobility and payload in its category. It delivers outstanding on- and off-road performance to give you the confidence you need to tackle a wide variety of rugged, unforgiving terrain. The General is designed to be safe, or transportable. And it's built for maximum flexibility to accommodate up-arming with ballistics and other kits.

The General Carrier — already tested and war-tested — is offered in several versions, both armored and unarmored variants with a regular or extended cab offering for 4 or 6 seating capacity. It is able to transport up to 11 tons of payload including a 10-foot shelter.
