

A Great Start with Tangrams

Terrific for students who are ramping up to the geometric visual challenge of regular tangrams, this book offers full-size images of the tangram pieces and the pieces arranged ready within the puzzle. Seven tangram pieces punch out of the back cover. 48 pages with 52 puzzles and solutions.

Reproducible

Grades 2 and up:

Tan-Tastic Tangrams SG20098 \$12.95

Twist and Turn Through the Paths of Time

Anna Nilsen, the best maze book creator in the world, pictures complicated, funny journeys that travel through time, across continents, and right into kids' heads. The eMAZEing Journey of Marco Polo follows the famous explorer's footprints, while The Great Maze Race offers a crash course in geography. 28 pages each.

Fun is to Learning As...

Analogy puzzles are great for helping kids apply knowledge to new situations—plus they're fun! These great puzzle books have four analogies to solve on each page; in turn, their answers provide hints for a fifth challenge-level analogy. Great for building verbal and logic skills, with engaging illustrations and fun game-play feeling. 250 puzzles in each book.
