Undisciplined Coverage

Defensive backfield is deep, but maturity has been an issue

It's quite simple, really. If the New England Patriots' defensive front seven does what it is supposed to do—that is, pressure, hurry, and generally make life difficult for opposing quarterbacks—then the team's secondary should have a stellar season. If the front seven can't do its job

with any regularity—and given the uncertain state of the linebacking corps, that is a possibility—then the secondary will look thoroughly average. To be fair, however, anytime cornerbacks, no matter how elite, are asked to cover receivers for as long as the Patriots' were at times last season,

by Shalise Manza Young they're going to seem mediocre and get beat like laundry on river rocks. Patriots fans may still have nightmares about the loss in Miami last December. That afternoon, Dolphins quarterback Chad Henne, making just
