<p>Comments: The Size and REF are scaled according to the TLU on the INTR. Either directly or a percentage calculation (in this case: 3.5% from INTR TLU top panel and 7% on bottom panel) (per Rick Pate on email 3/18/11). Updated dieline to Rev4, per plant (4/20/11 Lindsey Goller).</p> <p>Printer Notes:</p>
