

Only **45%**
of newborns
in Goa are screened for IEMs,
why not the rest of them?

Over **9000** babies born in
Goa government healthcare facilities
are screened for IEMs every year.

Join us to screen the rest,
to give all Goan babies
the best start in life.

For more information on Newborn Screening, Call : +91 97465 40584 or Email: shitata@neogenlabs.com
