also source for photos this page and catalog copy.

Ida's Mittens \$49.99

How about a nice round of muffled applause? When you transform a classic like our men's Choppers into something as warm, durable and fashionable as these super-soft, sherpa-lined, wool-and-deerskin darlings, it deserves some sort of ovation. Or at least a proper pairing with one of our popular women's caps.

100% wool or 80% wool / 20% nylon with deerskin outer.
100% polyester sherpa lining. Made in USA. Spot clean only.

Stormy Kromer Ida's Mittens

F/W 2011-2012

Design idea:

Create a feminine wool and leather mitten to coordinate with new F/W 2011-2012 Ida's Walking Coat and Petal Pusher Cap.

Deerskin palm to combine leather usage with current SK Choppers mittens and George's Gloves.

Wool back of hand to combine fabric usage with named new styles and current SK Women's Cap and Ida Vest.

Determine SK women's mitten fit and size grade.

My process:

designed + sketched these mittens, submitting four design options.

made first pattern.

stitched first sample.

determined sample fit.

conducted grading study of another handwear brand we admired, in order to determine SK size grade increments
enable Optitex to make a marker for costing
engineering dept to produce sample size run.

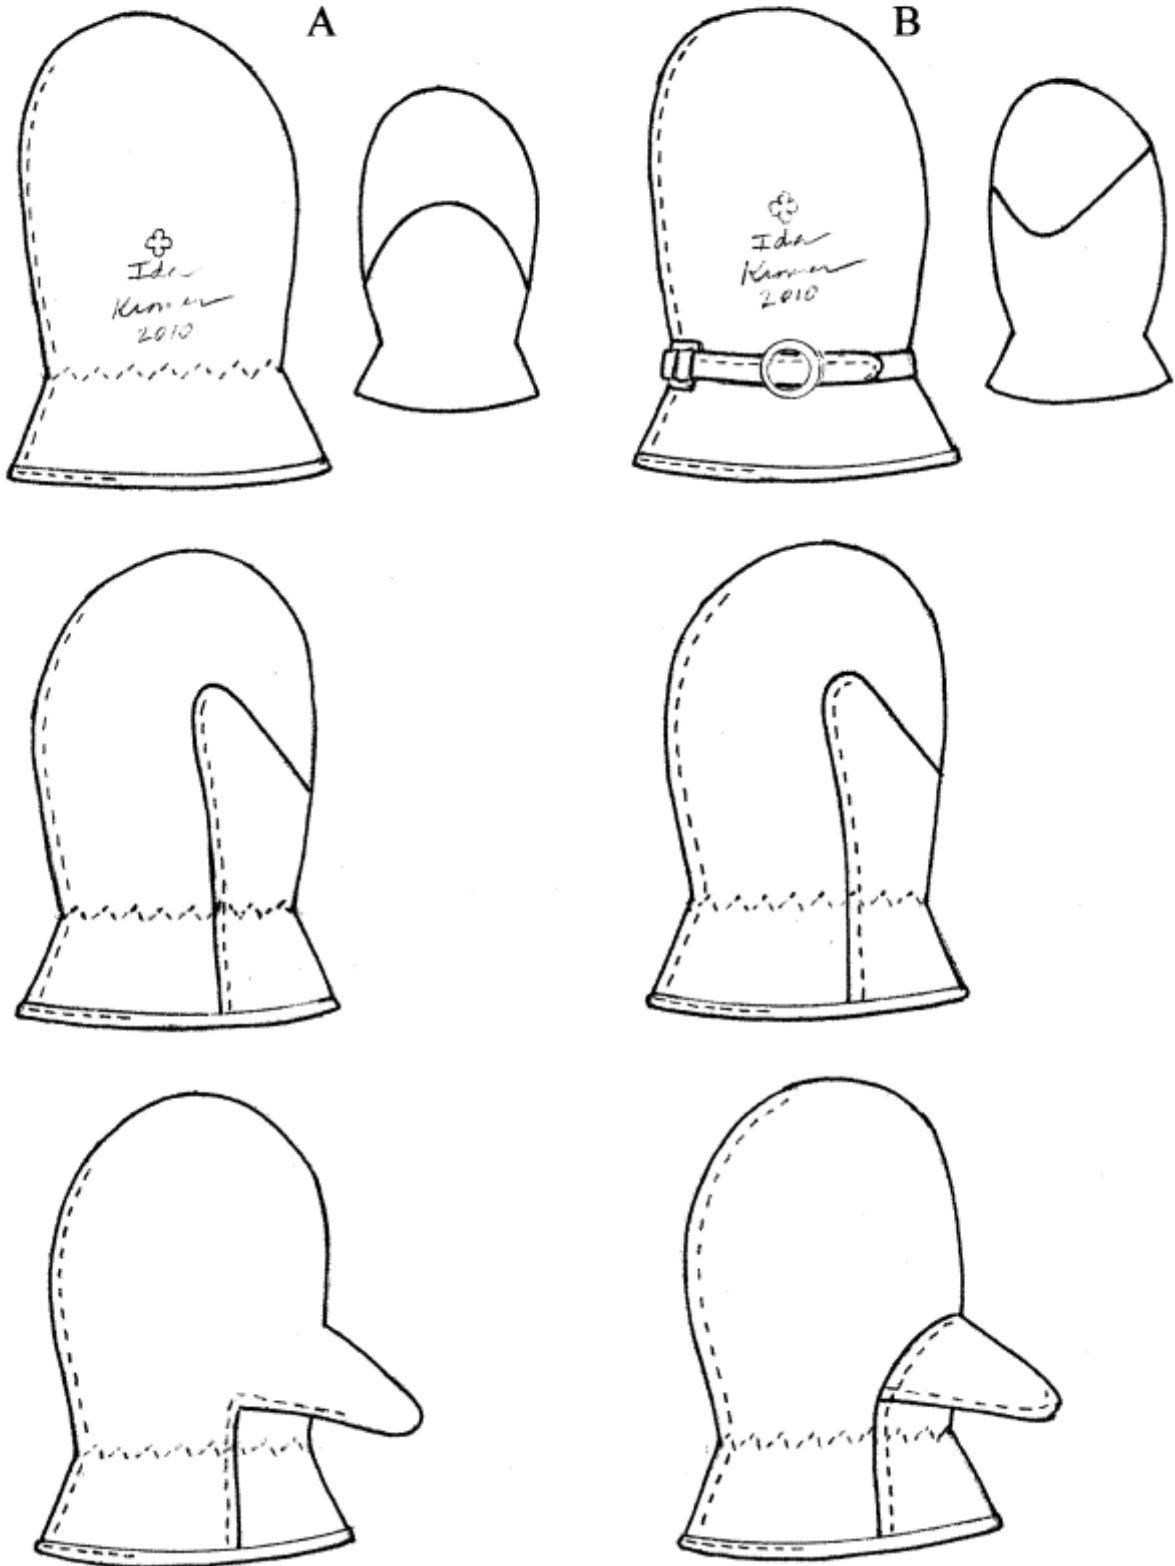

sourced new deerskin suppliers.

provided informal bill of materials in order for Engineering dept to create its' internal bill of materials for costing.
