

Sketching - Secondary Piece

The team chose to design a storage piece for the sink that can store and organize items like make-up, jewelry, and hair supplies. This particular need was discovered during the interviewing stage.

Material Selection - Bamboo

- Cheaper option than Teak
 - Will stay within the price point
- Good for a wet environment
 - Mitigate Rust
- Sturdy
- In line with spa theme

Cardboard Mock-Ups

The team used the research through design method in order to determine a proper size for the various bottles to be kept in the shower and combination space.
