About Liquidity Services
Liquidity Services, Inc.'s mission is to provide business and government clients and buying customers with the world's most transparent, innovative, and effective online marketplaces and integrated services for surplus assets. We enable Global Fortune 1000 corporations, middle market companies, and government agencies to maximize the value of their underutilized, obsolete, and surplus industrial machinery, equipment, materials, vehicles, and inventory. Leveraging our comprehensive investment recovery services, industry leading online marketplaces, global market data and forward thinking asset management solutions, we lead the surplus assets industry.

SEARCH ICON - to search the site; upon click the search container field will appear below like a drop down from the icon

MEGA MENU here so that the user doesn't have to click but once to find what they may be looking for.
i.e. click services and all of the valuations options appear

The prominent carousel can be automatic but with manual controls for the user.

Instead of second carousel which would be distracting, a grid is introduced to put control back into the hands of the user in order to scan the site more effeciently to find what they need.

News & Press is a manual carousel

Events & Careers is brought up and highlighted since the company is growing.

Investors of course being an integral part of the business is hiahlighted as well.

Marketplace logos are grayscale with a full color hover

The search icon expands to a container upon click to the right
