Login to task view

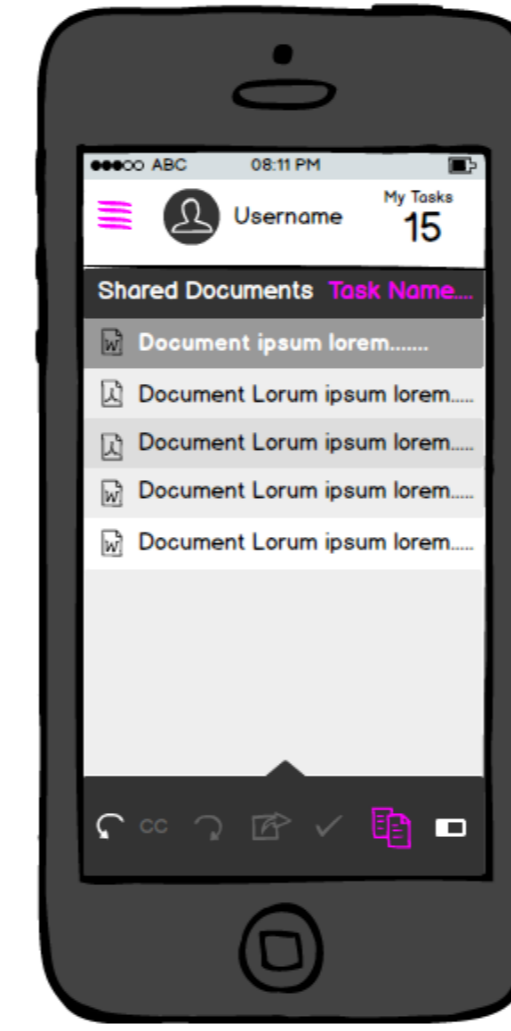

Choose task to view case details

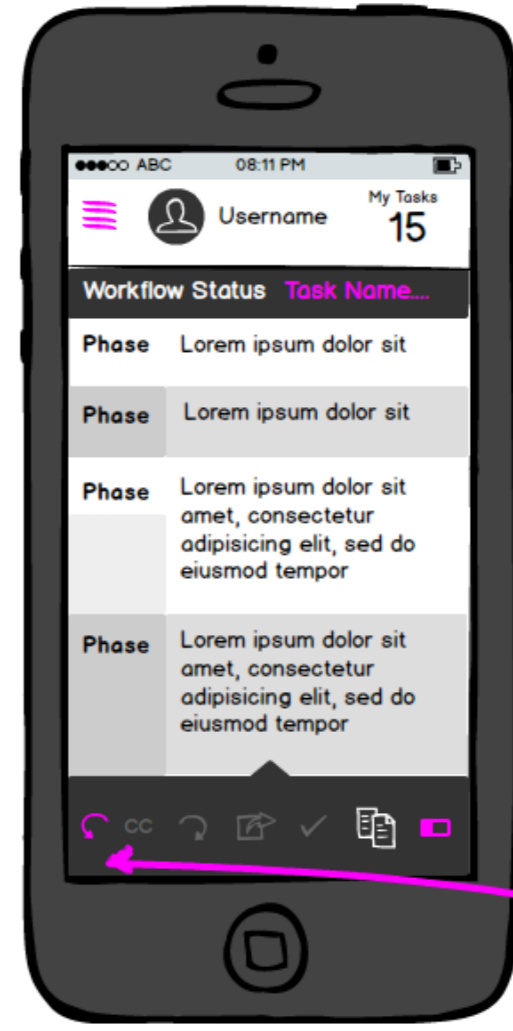

Choose Shared documents./Workflow status

- Reroute
- Carbon Copy
- Redirect
- Finish
- Transfer
- Shared Documents
- Workflow Status

User can choose a document to view. User can choose TASK NAME to get back to case details.

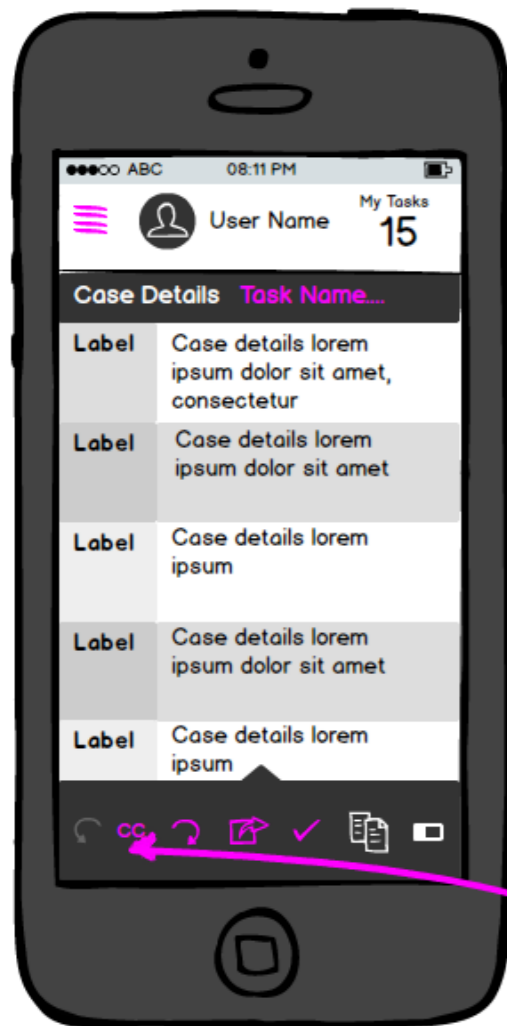

User clicks REROUTE icon, screen slides up from bottom. User can send to another user with or without a comment. User can send or cancel out of the REROUTE screen - either option takes you back to the case details screen.

ALL USERS CAN PERFORM THESE FUNCTIONS

# VIEW CASE DETAILS

If the user chooses to view case details for a task where they are TASK OWNERS they have the following REROUTE options: REDIRECT, CARBON COPY, TRANSFER, FINISH

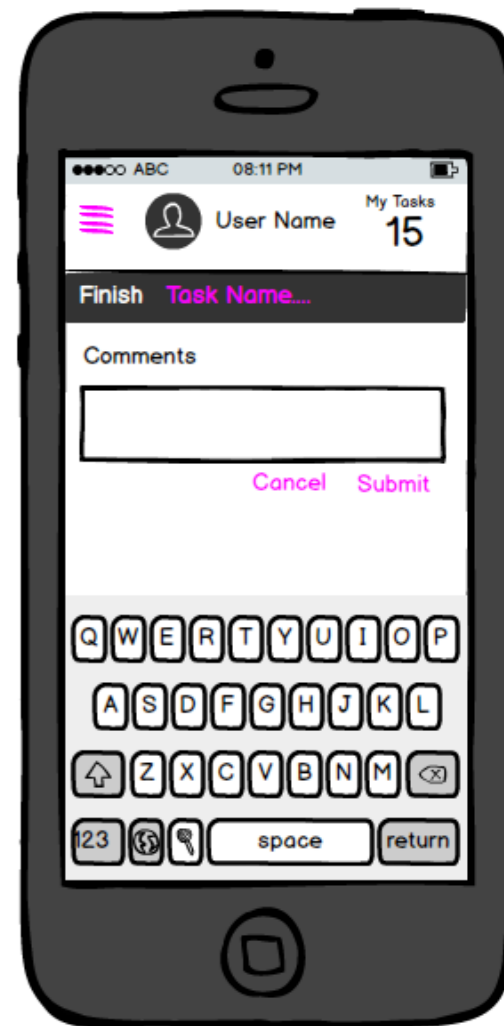

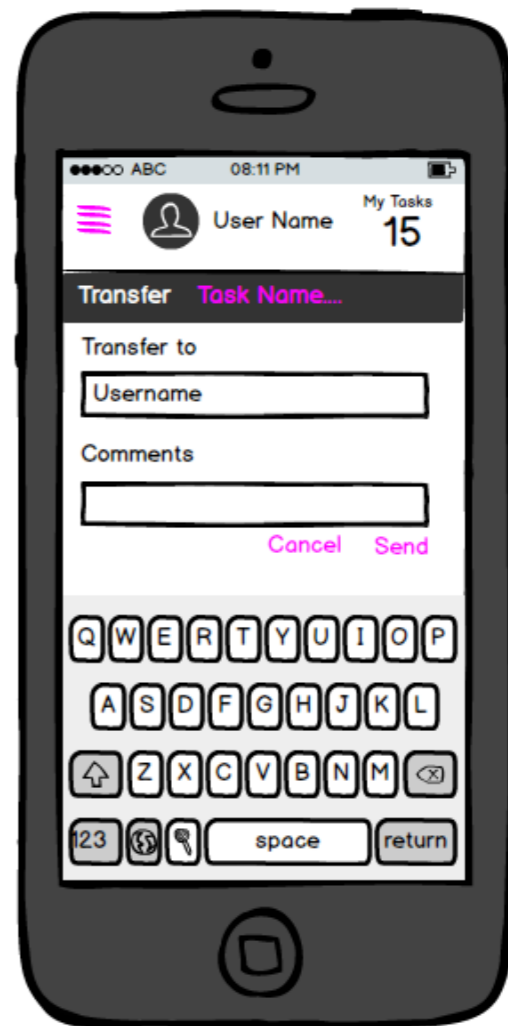

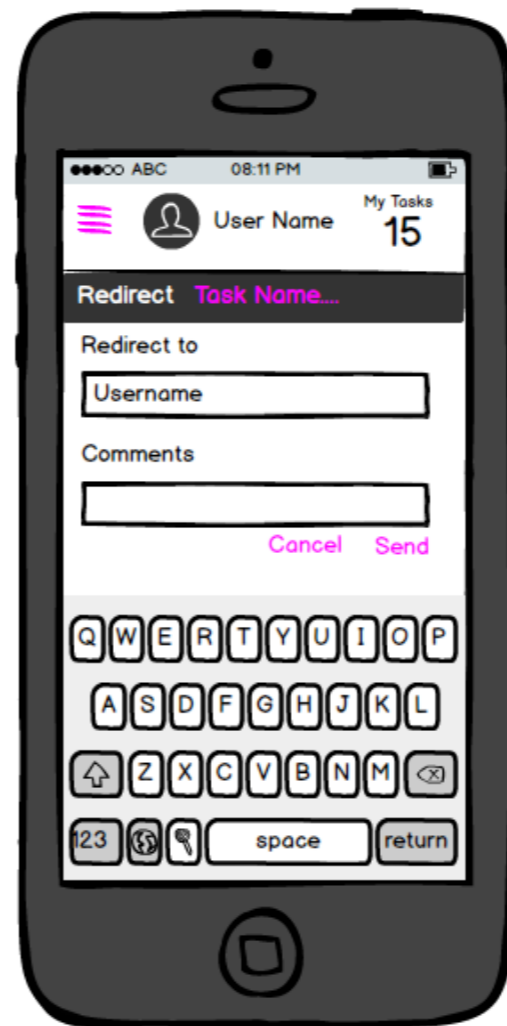

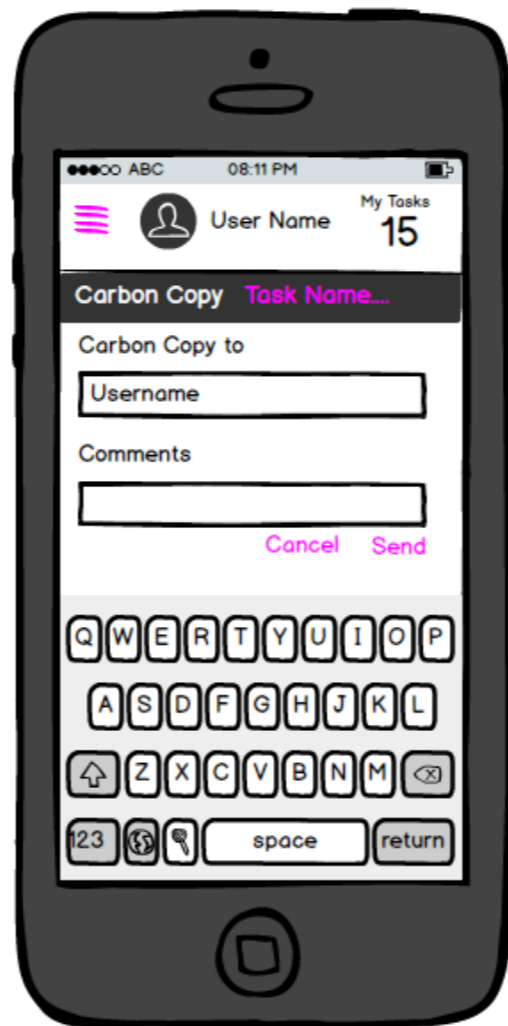

- Reroute
- Carbon Copy
- Redirect
- Finish
- Transfer
- Shared Documents
- Workflow Status

Carbon Copy/Redirect/Transfer/Finish

User chooses CARBON COPY/REDIRECT/TRANSFER/FINISH icon, screen slides up from bottom. User can send to another user or finish the task with or without a comment. User can send/submit or cancel out of the any of the screens - either option takes the user back to case details after they hit send/submit.

# CARBON COPY/REDIRECT/TRANSFER/FINISH

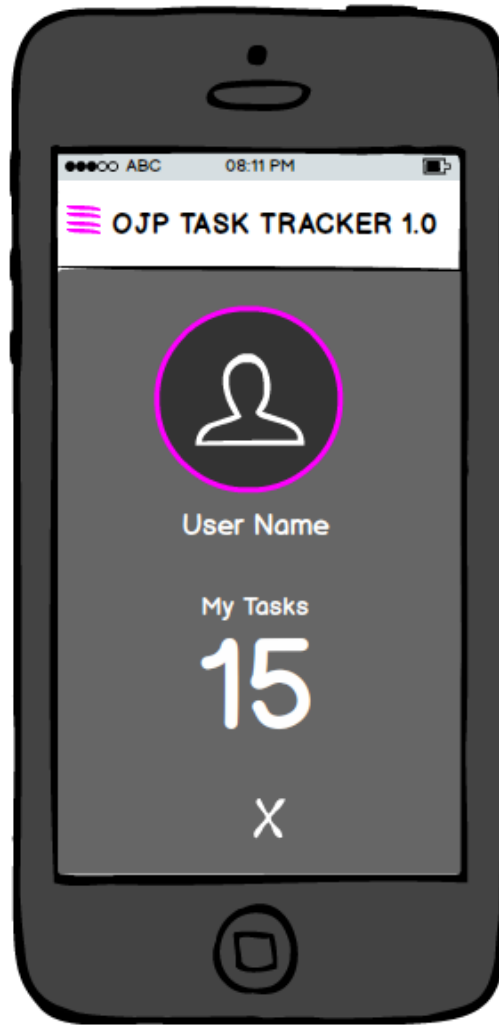

AFTER THE TASK HAS BEEN REROUTED TO A USER - THAT TASK OWNER USER CAN PERFORM THESE FUNCTIONS
