Assessment of Program Learning Outcomes

Assessment of student achievement of program learning outcomes at DWU is achieved through various methods.

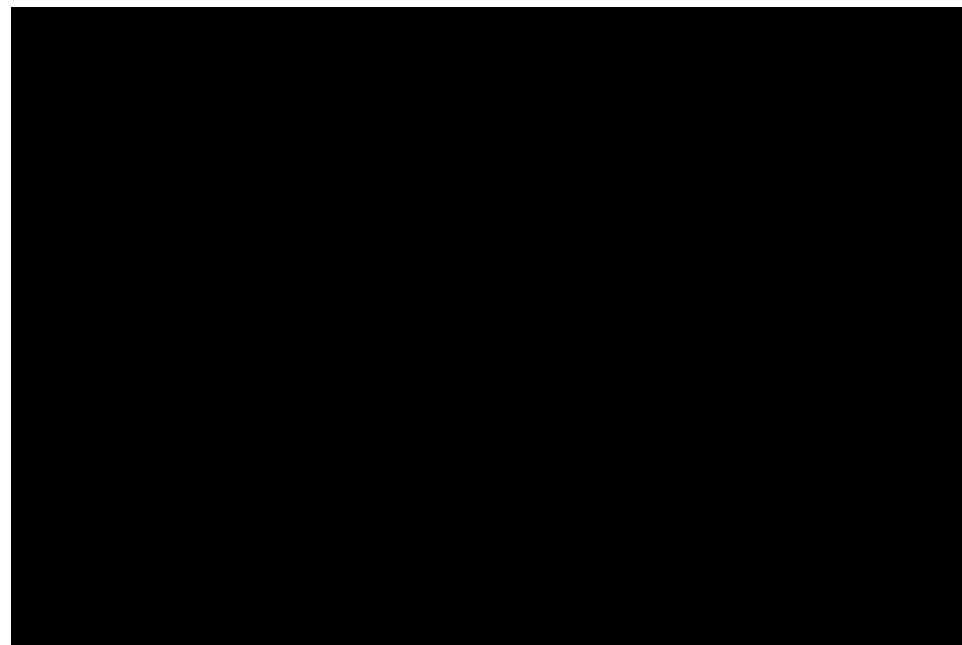

Student View of Assessment and the PEP

An example of a direct method of assessment is the professional electronic portfolio of (PEP). Each program or major at DWU requires students to complete a PEP. Examples of student academic work and experiences support the achievement of program learning outcomes. Hear what Mallory Gould, a senior education major, shares about the PEP.

Examples of Program Assessment at DWU

Dr. Lana Loken, Associate Professor of Athletic Training, shares highlights of the DWU Department of Athletic Training program assessment plan.

Dr. Rene' Pruitt, Assistant Professor of Education, discusses the DWU Department of Education program assessment plan that includes the PEP.
