

"Play-Doh Play Time Pavilion"

The "Play-Doh Play Time Pavilion" will serve as an area of relaxation for athletes and their families at participating Special Olympics events throughout the 2011-2012 competitions. Guests will feel welcomed and at ease while lounging on the colorful beanbag chairs. They will be able to create and dream with a plethora of Play-Doh products and accessories.

The tent is designed to adjust accordingly with the climate. It will provide heat lamps and relief from the wind during the winter. In the summer, it will provide shade and cooling fans throughout the hotter months. Refreshments will be provided by Walmart's brand of products, Great Value. Cold Stone Creamery will also be on site, scooping the special edition Play-Doh inspired ice cream. The tent will be constructed by volunteers at each venue.
