

## Black & White

This Carter's Girls Collection, in stores for Winter Trans 2015, is perfect for mixing and matching. We wanted to capitalize on a neutral palette to refresh the store between the Fall and Spring season.

The girls went crazy for this Meow tee off of a pale gray heather ground. It goes back perfectly to all the bottoms and layers nicely with the oversized black and white marled yarn sweater.

This classic black top w/ convertible roll-up sleeves, silver buttons, and pin-tucks is adorable and versatile. It makes a great outfit with the polka dotted 5 pocket skinny jean.

Cute & quirky slogan sweatshirt is perfect with a little black bow and geo patterned leggings. The black french terry moto jacket makes a statement all on it's own.

These black zip pocket skinny jeans are a staple item and pair back nicely to the black glitter high-tops and a glitter polka dot peplum top.
