NEW WEBCAST: May the G-Force Be with You

WATCH IT
LIVE OR IN THE
ARCHIVES!

March 7, 2012, at 1 p.m. ET/10 a.m. PT

Speaker: Rob Lawrence

Sponsored by: **ZOLL**

Road Safety systems that monitor every aspect of the ambulance operations from seat belt usage, lights and siren activation to the G forces that apply to the vehicle are fast becoming commonplace in the public safety industry. The Richmond Ambulance Authority has long operated such a system that has resulted in accident reduction, cost saving and above all, a smooth and safe ride for the patient. This webcast will explore the operating system in use by RAA, the benefits associated with monitoring every aspect of vehicle operation and the use and application.
