The Great Thorpe Park is as much a land of opportunity for the intrepid job hunter as it is for the dedicated fun seeker. Helping people to enjoy themselves is a serious business and if you think customer service is no joke, we would love to hear from you. As long as you're over 16, age is no barrier and can be a bonus if it's given you a mature, responsible outlook and customer service experience. If you're also outgoing, energetic and with strong team skills, we've got just the job for you – one which could see you coming back for more, year after year after year. Full-time work or part-time hours suitable for working parents, whatever the case and whoever you are, the opportunities are endless.
