Principles of Sonography and Doppler Ultrasound

Step-by-Step Video Tutorial

At the conclusion of this activity, participants should be better able to:

- Explain how ultrasound interacts with tissue, how transducers work, and how sonographic and Doppler instruments produce displays from echoes;
- 2. Discuss how these principles apply to clinical practice; and
- 3. Recognize and manage common artifacts.

AMA PRA Category 1 Credit[™] for this video program is available through August 31, 2019.

The AMA designates this enduring material for a maximum of 5.0 AMA PRA Category 1 CreditsTM.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™ are accepted by the ARDMS.

This educational activity is approved by the AIUM for 5.0 ARRT Category A Credits.

The American Institute of Ultrasound in Medicine (AIUM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide CME activities for physicians.

Faculty Frederick Kremkau, PhD

Order Information

Product #16PSDU (Video) \$260 Available in digital hard copy or streaming.

The online CME test is \$25 for AIUM members, \$50 for nonmember physicians, and \$100 for nonmember nonphysicians.

Playing Time

5 hours, 9 minutes

The Resources You Need, When You Need Them.
