

Welcome to Art Works Downtown. The “Art on the Farm” exhibit and holiday fundraiser takes place on two floors in four gallery spaces of our art center. This guide will assist you in locating artists and their art works.

Our Gallery Spaces:

★ 1337 Gallery is our main gallery where we receive the public for Art Walk receptions + information.

★ Underground Gallery is one of our two rental galleries that may be rented on a monthly basis.

★ Founders Lounge Gallery is the second of our two rental gallery spaces. It may also be reserved for dinner events via Odalisque Café.

★ Marin Jewelers Guild is a retail shop/space in our art center that exhibits art on a monthly basis. Speak to MJG directly if you are interested in exhibiting.

☕ Odalisque Café & Grille is a new restaurant at Art Works Downtown featuring local + sustainable foods + art by local artists on the walls.
