

# Testimonials

Legacy CNA Training

Legacy CNA Training

"Wonderful Classroom and Clinical experience. Instructors are extremely caring, helpful with any concerns you may have and their positive attitude radiates off to others." - **Stephanie B**

"The instructors are so understanding and helpful in class and clinical that learning with them goes beyond the classroom." - **Melissa P**

"I made the right choice with Legacy CNA Training. The training is very fast paced but the instructors make it a point to study and they never set you up to fail. I am blessed that I had the opportunity to become a CNA through Legacy CNA Training." - **Victoria L**

"I think the entire program was excellent! My experience with my instructors was awesome! Everyone seemed to make sure that the material was understood and the procedures were carried out appropriately." - **Tracy M**

"My experience with Legacy has been exciting! I met many people with goals similar to mine as well as different backgrounds. Overall, Legacy has helped me grow as a person and as a professional. Thank you guys!!!" - **Giovanni G**

Continuing a tradition  
of EXCELLENCE!

# Why CNA?

A CNA (Certified Nursing Assistant) is an individual who has been certified by the State of Indiana to be qualified to give care to residents and patients in many different healthcare positions and capacities.

As a CNA you have the opportunity to meet your personal job fulfillment needs on many levels, professionally, intellectually and emotionally.

Becoming a CNA will allow you an opportunity to make a real difference in the life of a person suffering from an illness, disease or disability. This impact alone is the motivation for many people to become a CNA, and is why many people make being a CNA their long term career. Also, as a CNA you develop many interpersonal skills which help you increase your efficiency in communicating, displaying empathy, and problem solving. These skills have positive impacts on daily life within and without the workplace.

The growing demand for CNA's within the healthcare field is projected to explode as the population continues to age. Because of this, you have a unique opportunity to get involved in a profession with incredible upside! Source: CNATrainingHelp.com

# Why Legacy?

- **EMPLOYMENT OPPORTUNITIES** Legacy understands our students' desire to find a fulfilling career in healthcare. Our classroom will have employers come to YOU to present the opportunities available for employment. We will also include job postings which will focus on the current CNA needs within our community. CNA's are in high demand and healthcare providers are eager to discuss their employment opportunities with our instructors.

- **ACCELERATED 3 WEEK TRAINING COURSE** allows students to find employment sooner than other programs which could take 6 months or up to a year.

- Legacy offers students a **COMPREHENSIVE REVIEW SESSION** the day before the state test which helps students keep materials fresh and answer any last minute questions before the exam.

- **FLEXIBLE CLASS SCHEDULE:** With classes **EVERY 3 WEEKS** there are more than enough options to find the perfect class which balances your life schedule.

- Our instructors' track record boasts a **99% PASS RATE!!!** Combined they have over 126 years of experience in the healthcare industry.

- **TUITION REIMBURSEMENT!!!** Please contact Legacy today to find out more.

# Tuition Cost

**Tuition Fee** is \$950.00.

**State Test Fee** is \$75.00.

(Tuition does not include TB tests, physical, criminal background checks, uniform)

## Criminal History Background Check

A student understands that by law, a criminal background check will be completed on all individuals who will be training in a health facility. Legacy can obtain this for you from the state if you do not choose to obtain it on your own: a separate money order in the amount of \$20.00 is due at registration if you wish to have Legacy obtain it for you.

## Physical Exam

You will have to get a minor physical to ensure that you have no lifting or other restrictions. You will also have to get a two-step TB test or a chest X-ray if either the 1st or 2nd step TB test is positive.

## Uniforms

Our standard uniform consists of dark navy blue pants and matching dark navy blue top with patch pockets. All students are required to wear white tennis shoes.
