Asset Track GPS Systems

Your Private Eye in the Sky!

**We'll help you Locate &
Recover your Vehicle if Stolen!**

If Riding Around With A Junk Yard Dog ISN'T POSSIBLE!

The Next Best thing TO PROTECT & RECOVER YOUR VEHICLE is an Asset Track GPS System!

No anti-theft system is 100%, but a GPS system is a proven tool to help you protect and recover your vehicles.

When you're not comfortable leaving your car on the side of the street or in a parking garage, you can disable your starter from your smart phone or PC. When you're ready to go, just turn it back on!

All of our devices come with an internal back up battery. If a thief disconnects your vehicle battery, your GPS device will recognize the change in power and notify you by text or email to your smart phone.

If the vehicle has been stolen, you can notify the police, and help them recover your vehicle and take a bite out of crime. If you are unable to recover the stolen vehicle, then we offer each of customers a maximum warranty benefit package of up to **\$7,600!**

ADDITIONAL BENEFITS:

- ◆ Real Time Nationwide Coverage - If there is cellular coverage you have vehicle recovery protection.
- ◆ Multiple Alert Notifications - Website, Text or Email!
- ◆ Birdseye Satellite View with mapping and directions!
- ◆ Multiple Geo-fence capabilities! Sends you an Alert if vehicle enters or exits a geo-fence.
- ◆ Optional Starter Disable System Included! (Extra cost for Installation)
- ◆ Secure Website to safeguard your privacy! Personal Login / Password for your own website access!

The LMU - 810 series is a complete vehicle tracking and communications device incorporating the next-generation, of super sensitive GPS satellite technology. We use nationwide cellular networks to insure dependable coverage.
