

It is my pleasure to recommend Abigail Easley for employment with your organization. I had the opportunity to work alongside Abigail while she worked as a Business Development Associate at Victerra Inc. I was constantly impressed with Abby's attitude, efficiency, and productivity in her work.

Abby is incredibly bright and very motivated. I am confident that she will devote herself to a position within your organization with a high degree of diligence. She is an extremely quick learner and has shown her talent to digest large volumes of information and then to take initiative by translating that information into the appropriate actions.

Ms. Easley has done an outstanding job on our Resource Development Team. She has corresponded with high-level executives in a professional manner in both written and verbal forms. She demonstrated the ability to effectively communicate to our clients and partners.

Abby constantly went above and beyond and welcomed any opportunity to take on new tasks. Apart from her normal duties, Abby was constantly looking for new and creative ways to expand the business. Abby used her talents to think outside the box and constantly challenged her team members to do the same. I have no doubts that she will bring your team to the next level, as she did for mine.

I recommend Abby without reservations. I am confident that she will establish productive relationships with your staff and constituents. Hiring Abby was one of the best business decisions that Victerra has made thus far, and I urge you to make the same one.

Please let me know if you have need for additional information about this outstanding young woman.

Sincerely,

Justin Lall

President
