

BOTOX YOUR BARNET!

Botox for hair? Now that's something we like the sound of! And that's exactly what experts are calling L'Oreal's Fiberceutic treatment. This brand new salon-based treatment takes about one hour and uses a revolutionary serum that penetrates the inside of each hair strand to make your locks look stronger, shinier and smoother. The effects last for up to ten washes, and, just like Botox, it promises to make your hair look refreshed. The session is a bargain at Dhs150 and is available at Vanilla by Jelena Salon. Tel (04) 329 7008.

HAIR ALERT

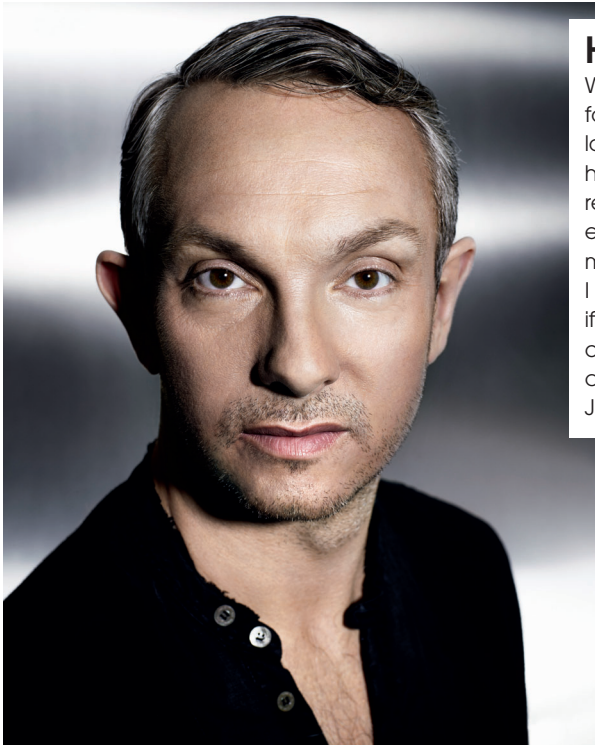

Style news you need to know now

Get planet-loving locks

If you shy away from eco-friendly products when it comes to maintaining your hair, it's time for a re-think. Going green doesn't mean sacrificing style, and no-one proves it more than Tilia and Finn who are dedicated to using natural products, like cult hair brand Philip B, to provide beautiful results. And with a new salon now open at Emirates Towers, it's even easier to look good and save the planet simultaneously. Get in touch with them on (0) 4 386 1364.

GET AHEAD

Trust Prada to give us one of the hottest hair trends of the year. It was the cuts that outshone the couture at their A/W 12 show, where models were sent down the runway with a striking, dip-dyed effect. This is a look that makes a statement and we expect to see it everywhere this summer - especially at music festivals. To get this look without the commitment, simply clip on some hair extensions in a colour that contrasts with your own and you're good to go.

HOT HAIR HELP

Wella Professionals Global Creative Director for colour, Josh Wood is the authority on the latest hair and colour trends. He gave us his hottest summer tips when he was in Dubai recently. "I recommend using a little conditioner for a smooth result and to allow the treatment to improve the hair - two things at once. I also like to use SPF where possible, especially if the hair is coloured" He divulged styling tips on upcoming trends "youthful, elegant sheer colour is the way to go for Fall 2012".
