

BEST EYESHADOW

MAC PIGMENT

MAC pigments are a beauty industry staple and a must-have in every makeup artist's kit and every woman's makeup bag. These are highly concentrated loose colour powders that contain special ingredients to ensure the shadow sticks to the skin. Each pigment is easy to blend and long-lasting, allowing you to create an array of different looks – perfect for the beauty chameleon.

BEST SUNCARE PRODUCT

NIVEA SUN INVISIBLE PROTECTION SPRAY

Nivea Sun Invisible Protection Spray comes in an oil-free, transparent formula that is quickly absorbed and non-sticky. It provides UVA and UVB protection and is completely water-proof, so it won't run or disappear when you hit the water. It also provides immediate protection, so it's perfect for spraying on the go.

BEST LIPSTICK

DIOR ADDICT EXTREME LIPSTICK

This lipstick is all about extremes. It provides a shiny finish that will last for hours. Each lipstick contains four specialist waxes, all combined in a single formula to coat the lips in a fine, glossy film. This gorgeous lippie is available in 12 shades that are as gorgeous as the case itself, ranging from the most subtle nudes to the brightest bolds.

BEST PERFUME

CHANEL COCO MADEMOISELLE

This perfume was created in 2001 for Chanel's younger fans. It contains notes of orange, jasmine and ylang-ylang, and was inspired by the spirit of the young Coco Chanel herself. This perfume lasts all day and night and the gorgeous bottle alone is reason enough to have it.
