

Summer Love

If you need any more proof that summer is officially here, just look to Chanel's Summer 2012 make-up collection. Inspired by the warmth of the sun and with names like Island, Calypso and Sunkissed, this collection is full of beautiful, bright colours that are sure to heat your holiday up. From Dhs121.

LIFT ME UP

Clinique's new Repairwear Uplifting Firming cream, Dhs293, doesn't just target wrinkles; it also contains Mitostime, an extract derived from brown algae harvested off the coast of France, to combat the effects of gravity; loose, sagging skin. And it comes in two formulas for different skin types, dry combination to combination oily, so nobody gets left out.
