INSIDER'S SECRETS

We can't all look like Givenchy's spokeswoman, Liv Tyler, but we can certainly have a good rummage through her makeup bag. Discover her secret, the ever-popular Mister Radiant, Dhs145, a light gel that moisturises leaving a permanent just-stepped-out-of-the-shower glow. Use it on the face or body for all day definition and then enhance it with Givenchy's Healthy Glow Powder, Dhs185, a talc-free bronzer which adds radiance to cheekbones without making skin flat or cakey. The beauty news you need to know now

LIFTED UP

Estée Lauder is adding to their anti-aging hit list. They now have two new products in the Re-Nutriv range: Ultimate Lift Age-Correcting Mask and Crème for Throat and Décolletage. Both products are made with black tourmaline, a hard-working mineral found in Brazilian mines known for its energetic properties. You don't have to dig for younger looking skin, this formula lifts, firms, protects and hydrates to take the years off. From Dhs623.

Luxury candle makers La Vela are getting into the spirit of Ramadan, releasing three new traditional scents; Frankincense & Myrrh, Sandalwood & Vanilla and Amber & Smooth Wood. The hand-poured candles are made in the UAE with a burn time of 50-60hrs. From Dhs150.

FEELING BLUE

The heat is on. Cool down with the latest edition to Dolce and Gabbana's Light Blue family, Dreaming in Portofino. Inspired by the rocky and floral landscape of the Italian village, this fragrance has delicious summer notes of lychee, iris and amber. Even the perfume's light blue colour and frosted cap will make temperatures drop. Dhs395.

FUN OUT OF THE SUN

Yawn, here comes the sun protection lecture again. When the mercury hits high there's no way lazing in the sun is possible and hey, who wants skin cancer? Fake it till you make it with Tan Tastic a brilliant self-tanning range from the UK. All lotions are paraben free and enriched with goodies such as glycerine, vitamin E, vitamin B5 and castor oil. We love the Instant Tan Bronzer, Dhs69, a wash-off tan that gives an instant pick-me-up no sun required!
