Description:

The property details page displays the MLS and (if available) additional information about a specific property.

- 1 **Back to Results:**
Returns the user to the search results page - the state (list, map or gallery) is based on the format that they had came from.
- 2 **Property Summary:**
The summary bar displays the property price, address, neighbourhood name, city, province and MLS #.
- 3 **Share Controls**
The user can share the property via e-mail, Facebook, Twitter, or by printing the listing. Each button invokes the appropriate light-box to allow the user to share the listing. Clicking on the favourite (star) button adds the property to the user's favourite list.
- 4 **Open House:**
When a property has an open house, or a scheduled open house, the listing will display the dates and include a call to action to set a notification, or RSVP.
- 5 **Image Gallery controls**
A preview of the image collection is displayed under the large image. The currently displayed imaged is indicated with a different "selected state". Arrows on either side of the collection indicate if their are more images and the collection and allow a user to browse through them.
- 6 **Map**
Clicking on the map button changes the large image to an interactive map view of the property.
- 7 **Schedule a Showing or Request Information**
Clicking on the 'Schedule a Showing' or 'Request Information' buttons invokes a light-box form for the user to fill out and send to the agent.
- 8 **Agent and Office Information**
Information about the agent(s) and office responsible for the property are displayed. Clicking on 'Email' invokes a light-box form. Clicking on 'View Listings' brings the user to a property results page filtered to the specific agent or the office.
- 9 **Walk/Transit Score**
This score is dynamically generated from Walkscore.com from the address and postal code of the property. The learn more link opens a lightbox with information about the score numbers.
- 10 **Mortgage Calculator**
Dynamically displays the monthly mortgage payment and "based on" information with a link to open the TD Mortgage Calculator in a popup window.
- 11 **Similar Properties**
Similar properties based on neighbourhood or search criteria are displayed. The exact criteria that defines a "similar property" is to be determined.
