REDUCE RISK AND YOUR WORKLOAD WITH WATCH ON SERION®

As worldwide brand opportunities grow, so, too, do the challenges of protecting your clients' irreplaceable assets. That's why you and so many other trademark firms trust Watch from Thomson CompuMark to protect their brands, and to help better promote your business.

Brand protection made easier and more convenient.

With Watch on SERION, you have the power to protect your clients' brands like never before. With unmatched speed, simplicity and insight.

Manage your portfolio with ease. Sorting and reviewing reported marks. Sharing comments and end reports with clients and colleagues. Contact us today to see how Watch on SERION will help you gain more insight, more efficiency and more certainty for your clients' brands.

"Watch on SERION offers us the advantage that it's available 24 hours a day, quick and easy to use, works well across a team of people and is very helpful to have a record of activities. The email facility makes working with our global internal and external networks easier and efficient."
