

### Mission

At FUTURO brand, we design our products to promote a **better quality of life** for our customers. To ensure that FUTURO brand remains among the most trusted names in supports and compression hosiery, all of our products are developed with and reviewed by a distinguished panel of experts - physicians, medical specialists and engineers. These experts painstakingly **research**, develop and test both existing and new products, combining what is seen in practice with the **needs of consumers** and allowing only the best to make it to your local retailer. This is necessary to ensure that **state of the art intelligence**, ideas and solutions are featured in our innovative line of products. All with one goal in mind: to help you live more.

### Vision

FUTURO has one goal: to help our customers **live more**. We see our customers using our products to **stay active**. We strive to create products that are driven by expert research to ensure that our customers continue to experience healthier and more active lives.
