/stevenstaff

Hard working, fast learning, competitive individual. Focused on striving to be the best I can be. I believe design to be a visual interpretation of an artists feelings, style and individuality to the viewer.

Design Experience

Oct.2012 Major Project Swansea - Future Amphibious vehicle

Designing a multi-functional vehicle, built for leisure or short trips. Emphasising on the aesthetics of the vehicle and the unique way of travelling. Also making it a clean and eco-friendly vehicle yet fun and exciting to drive..

Oct. 2012 External Project - Auto R Small Urban Vehicle.

The creation of an electrical powered urban city vehicle for 2015. Able to move fastthrough traffic and to park where cars can not. Futuristic yet conceptual design language.

Jan.2012 Live project - Westfield - Avant Garde 1 seater.

A group project in which I was chosen to be the team principle designer,guiding a group of five colleges to produce a large scale presentation board and a 1:4 scale dressed clay model. Presentation of this was to chief designer Elliot Hawkins with a verbal presentation

Work Experience

2013- Current Royal Mail Postman.

Working in a professional company providing a fast and reliable service for the public. Whilst maintaining a positive attitude and theoretical mind set and working in all weather conditions.

2010- Current On The Rock's - Rock chef/ KP

My duties in this job, include preparing meat and serving food on a hot volcanic rock. The service is fast and efficient and can be dangerous if not completed sensibly and professionally. Also taking charge and leadership skills are needed.

2008-10 Co-op - Promotional/CSA

Main responsibilities included working tills, shelf stacking and maintaining the warehouse. This needed organisational skills, team work, good communications skills and time keeping.

2006-08 Sainsbury's- STY/ Warehouse

Generally shopping online orders round the super-market and till work. Warehouse duties mean't unloading lorries and keeping the warehouse clear and organised. I needed to be fast and organised.

Skills

- Microsoft Office
- Photoshop
- Basic Illustrator
- Hand Sketching
- Manual Marker Rendering
- 3D Model making (wood,foam and clay)
- Clean Full Driving License
