To Whom It May Concern:

Please let this letter stand as my recommendation for Porsha Webb. Porsha's time with Forever 21 has not nearly been long enough. If we had our way, she would still be with us for years to come. In her position as a Visual Merchandiser, Porsha was responsible for various tasks. I was able immediately to trust her with complex projects and in my position, having this type of Merchandiser is invaluable. Porsha is organized, detailed-oriented, creative, a self starter, ambitious, thorough with training others and dependable both in time management and in the many tasks placed on her plate. She has a great ability to work autonomously as well as in groups. She possesses all of the qualities of becoming a top-notch professional in whatever career she chooses.

Reliable, meticulous and dedicated are the obvious adjectives to describe her. Along with this, Porsha's pleasant and light hearted demeanor gives her the ability to maintain a positive report with her peers, management and corporate employees.

I feel I cannot say enough about Porsha Webb and the hard work she put into the position while with us. With her commitment to excellence and her cooperative personality, she will make a tremendous addition to any staff and company.

If you should have questions or wish to discuss further the information I have provided, please feel free to contact me at 313-549-3201.

Kellie May Davis-Patton
Visual Merchandising Manager
