## Chris Machold Design *Chelmsford, MA - Landscape Architect 2011- present*

As sole proprietor I provide landscape architecture services and consultations for residential clients in the Boston Metro Area. Enjoy getting to know clients and integrating the way they live and the way they want to relax into my designs.

Organizing clients ideas in a fashion to promote flow with hardscapes and interaction with plantings throughout the site.

Consultant for Brown Sardina Inc.

**Projects:** Residential Pool, Spa, & Outdoor Living Designs, Planting Designs, Landscape Renovation, Terraces, Pool Houses.

## Strata Design Associates, Inc / Brown Sardina Inc. *Boston, MA - Associate, Project Manager 1998- 2011*

- I joined Payette Assoc.'s Landscape Department principal in the creation and proliferation of Strata Design Assoc.; a 2 - 5 person firm. Produced projects of various sizes for many of Boston's large architectural firms and repeat clients. Worked with residential architects and helped create designs throughout New England and it's coastal areas. Designed Pergolas, Spas, Pool Decks, Outdoor Showers, Site Walls, Paver driveways, Terraces.
- Strata Design Merged with Brown Sardina, a 5 person firm, in 2007 to create a more diverse studio with a broader client base. As project manager I collaborated with three design principals and was responsible for design development through construction document production, and coordination with project teams. Executed multiple projects simultaneously and on time.

**Projects:** High End Residential landscapes, Healthcare, Educational, Institutional, Civic / Urban, International.
