

FEATURES OF PROPOSED SITE PLAN

- 1 Catwalk connections to the existing urban city fabric. Specifically integrating with the adjacent cruiseship terminal and near by parks.
- 2 Catwalk extending through proposed architecture.
- 3 Catwalk extending through exterior auditorium and stage.
- 4 Catwalk extending to look out and observation deck at the end of the pier.

PROPOSED SITE PLAN

Developed proposition.

Highlighting the catwalk infrastructure that extends from the cityscape, through the proposed architecture and the pier.

Catwalk as Infrastructure.
Predominate path of circulation and its main extensions through the pier.
