

## RELATIONSHIPS

Mixed media print on bond paper.  
26" x 16"

This perspective shows the intent to create relationships between other adjacent projects within Urban Playground.

Urban Playground serves as a precursor to establishing a strategy and addresses the themes of layering, appropriating and instigating transformation in which the relationships of the proposed programs and events changes according to phases. It is important to note that these phases are not to be considered distinct and independent of each other but were often done in conjunction and overlap throughout the duration of the process.
