

It beats the plaid pants
off ordinary golf carts.

When your existing fleet of golf carts becomes a handicap, consider switching to the new electric-powered THINK™ neighbor. It's faster than ordinary golf carts. And it's legal on streets with posted speeds of up to 35 mph, making it par for the course — and off! The fun, affordable, zero-emissions THINK neighbor. To experience it, call 1-866-24-THINK or plug into thinkmobility.com today. Availability is limited.
