National American University
NATIONAL AMERICAN UNIVERSITY

We are in
the people
improvement
business. We
educate them,
care about
them, and treat
them fairly. They
gain career and
personal skills, learn
to succeed, and
become leaders.

~ NAU's Strategic Position

About NAU

Founded in 1941, National American University is a regionally accredited university with several locations throughout the central United States. NAU is also affiliated with numerous domestic and international institutions.

Our staff is devoted to helping you balance your education with your personal and professional commitments. NAU will be with you every step of the way---it's a key part of our personal relationship with you. From the moment you contact us, you will be personally guided through the enrollment and financing process, and provided with academic advising assistance throughout your college career to ensure a timely graduation. We are here to help you find ways to make life work outside of the classroom so you can focus on your success inside the classroom.

Core Values

Since its beginnings in 1941, National American University has been a leader of higher education, keeping pace with the ever-changing advancements of technology while staying committed to its core values to:

- ~ Offer high quality instructional programs and services
- ~ Provide a caring and supportive learning environment
- ~ Offer technical and professional career programs

Michael Leising
Applied Management (BS) ~ Austin campus

"I chose the applied management degree because I really enjoy learning the field of business. This degree plan also allowed me to utilize all of my existing credits from other universities as well as my military credits to assist in my accelerated plan to receive my bachelor's degree."

Business

Higher education with a business focus is the cornerstone of NAU. Our comprehensive business programs give students a broad array of knowledge and skills that they can take to the workforce immediately. Whether it's marketing, management, accounting, or administration, NAU's business programs offer the tools vital to fulfill numerous career paths and provide a sound background of understanding the industry.

Degree / Projected Job Growth (2008-2018) ~Bureau of Labor Statistics Occupational Outlook Handbook, 2010-2011~	
Accounting	AAS & BS / 14-20%
Applied Management	AAS & BS / 7-13%
Business Administration	AAS & BS / 10-22%
Health and Beauty Management	AAS / 14-19%
Healthcare Management	BS / 16%
Organizational Leadership	BS / varies depending on industry
Master of Business Administration (MBA)	
Master of Management (MM)

"I am pursuing my degree to make a better life for my family. I want a career, not just another low paying job - a job I am happy with and proud of and that will support my family. I had contemplated going back to school for a long time and always backed out. I am very glad I took this step and that I chose NAU. NAU has been nothing but helpful and supportive."

C. Fulton

Health Information Technology student ~ Lee's Summit Education Center

Healthcare

According to the United States Bureau of Labor Statistics, health care is one of the fastest growing industries in North America. Conveniently, NAU offers many healthcare-oriented programs that blend the essential industry knowledge with necessary skills to help train today's students into tomorrow's leaders. As a graduate in a healthcare field, you can expect to find career opportunities in many locations. If you're interested in the health and well-being of animals, the Rapid City campus offers programs in Veterinary Technology and Veterinary Assisting.

Joel Sippel

IT, Management Information Systems (BS) ~ Albuquerque campus

"I wanted to expand my opportunities and value using skills that were more aligned with the information age. NAU's curriculum fit the industry needs and offered a flexible schedule that complemented my busy professional life. Obtaining my bachelor's degree at age 40 while working long hard hours was most gratifying. This degree opened many new doors for me."

J. Sippel

IT

Information Technology is a fast growing industry that involves high skill sets and thorough analytical thinking. IT problem solvers keep today's system of servers, networks, and computers running smoothly and in proper condition. NAU offers a wide variety of degree options to prepare graduates for high-tech positions in software development, network administration, network management, internet systems development, and management information systems.

"I am a paralegal for an ethanol company. I always had an interest in the legal field, but focused on my family right after high school. Then one day, I decided it was time for me to invest in myself and made the decision to pursue my degree. NAU's small class size, friendly atmosphere, and flexible class schedules allowed me to successfully earn my degree."

Brenda Tirrel
Paralegal Studies (BS) ~ Sioux Falls campus

Legal Studies

From paralegals working in a law office to police officers patrolling city streets, the available roles within the industry are almost unlimited. NAU's programs in criminal justice and paralegal studies provide the foundation for positions on either side of the law.

"I wanted a career, not just a job. I have been in healthcare for eight years and the next step was to become a nurse. I chose NAU because of the flexible class schedules which are great for meeting the demands of real life. Words cannot express how I felt at the graduation and pinning ceremony. It was a true accomplishment."

N. Weicken

Nicole Weicken

Nursing (ASN) ~ Zona Rosa campus

Nursing

One of the fastest growing career fields, nursing has become a staple part of every community throughout the nation. The NAU School of Nursing prepares competent nursing graduates by providing a caring, diverse, and student-centered environment that fosters critical thinking and enhances holistic health care across the lifespan.

Quality

Your education is an investment of time and money so we want to be sure you're getting the best education. We do this by providing services designed specifically for adult learners and faculty teaching with experience in the field.

Academic Services ~ Student tutoring, the Strategies for Success class, academic success appraisals, and online library resources are just some of the extra services we provide to our students.

Experienced Faculty ~ We prepare you for work right out of college by employing highly qualified instructors who have high credentials and offer real-world experience.

Career Services ~ NAU provides a career management class that guides students in preparing a resume and portfolio, job search and interview techniques, and networking strategies. Plus, our staff assists students in finding employment opportunities.

Accredited ~ NAU has achieved the gold standard in higher education accreditation with regional accreditation through the Higher Learning Commission and the North Central Association - www.ncahlc.org. In addition, several of NAU's programs are separately accredited or approved by national educational and professional associations. For complete details, visit our website www.national.edu.

Recognized ~ In 2010, NAU was selected as a military friendly school by G.I. Jobs, a monthly magazine that assists veterans in seeking civilian employment and education. G.I. Jobs annually selects the top 15 percent of colleges, universities and trade schools doing the most to embrace America's veterans as students. More than 7,000 schools were considered for this list. Schools who meet qualifying criteria in the categories of financial benefits, flexibility, support, degrees offered, and accreditation are chosen for this prestigious list.

Roseanne Sat
Healthcare Management
student ~ Online campus

"As an online student,
NAU has so many ways
of making me very
comfortable with

my courses and helping me
reach my full potential from
the comfort of my home. My
academic advisor helps me make
good choices and is an inspiration
to me as I pursue my dreams."

R. Sat

"I chose NAU because I believed I could obtain a better education from smaller class sizes and the undivided attention and real life experiences of my instructors. The staff's leadership and understanding of my goals contributed to my decision to attend NAU. I knew they believed in me and my dream."

R. Salas

Ross Salas
Business Administration (BS) ~ Albuquerque campus

"The quality of education meets and exceeds expectations. The people at NAU are genuine, personable and are truly interested in you as a person and your future."

T. Homayoon

Tamara Homayoon
Nursing student ~ Bloomington campus

Convenience

Life is busy. We understand. We keep the process of getting your degree as simple as possible by offering a variety of classes online and/or on-campus and transferring previously earned credits when possible.

Degree completion options ~ We offer personalized transcript evaluations to determine if your prior coursework and specialized training could turn into college credit, saving you time and money. Plus, with year-round classes and multiple start dates, you can progress more quickly through your degree program.

Inverted Curriculum ~ This unique format lets you get started in your major right away. No waiting the typical two years to get immersed into your core courses.

Flexible scheduling ~ Our students have busy lives with jobs and families so we offer classes at various times and on-campus or online.

Career Laddering – Several of our degree programs can be linked together so the progression from one degree to the next is seamless. For example, Healthcare Coding diploma credits transfer into the Health Information Technology associate degree program, which then can transfer into the Healthcare Management bachelor's degree program. Students could then continue on to our Master of Business Administration or Master of Management with an emphasis in Healthcare Administration.

Melody Hamann

Business Administration (BS) ~ Watertown campus

"I chose NAU because they offered the degree program I was interested in and also the flexibility to go to school full-time through online or evening classes. I still needed to work full-time and have time for my family."

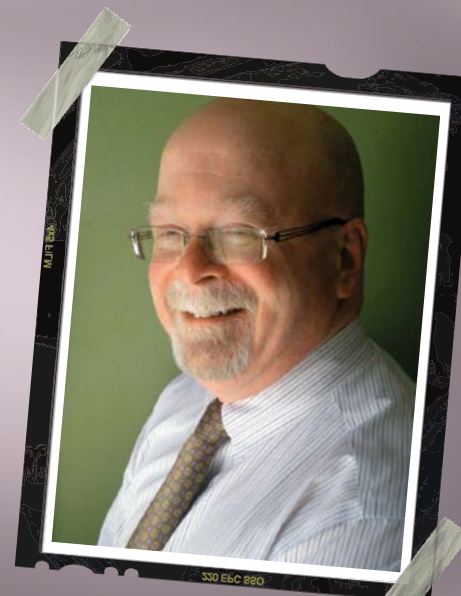

M. Hamann

"I am a wife and a mother. I work full-time and serve in the National Guard. I chose NAU because they offer a wide selection of courses and degrees online and they work with my military benefits."

Jessica Nielsen

Criminal Justice student ~
Online campus

Jeff Neaveill

Business Administration (BS) and MBA ~ Independence campus

"I graduated from NAU with my bachelor's degree and the passion to learn more got the best of me. I looked at several universities to pursue my MBA but decided on NAU since we had already built a solid foundation. The experience of learning online was something new for me and the professors were tremendous and very helpful."

J. Neaveill

Affordability

“Education is an investment in your future. Unlike most of what we purchase, education doesn't depreciate over time and no one can ever take it away from you.”

*Molly Schunneman ~ Rapid City campus
Financial Services Representative*

Financial Aid ~ Your personal financial services advisor will help you find a financial plan that works for you. NAU provides financial aid in the form of grants, scholarships, work study, and low-interest loans through federal, state and local sources. Financial aid, military assistance, VA benefits and company tuition assistance are all options to consider and are available to those who qualify.

Military Support – NAU appreciates the dedication and support of the US Armed Services members and offers a discounted tuition rate for anyone who carries an unexpired US Uniformed Services ID card.
