

SOCIAL ACTIVITY HUB –LANDOUR, MUSSOORIE

The design proposal is based on user surveys and indepth studies of hill town– Mussoorie that justifies the requirement of a social hub. It will cater to the needs of a sizeable artist community living in the area and will act as a magnet for the artist community of north region– who can live/work, interact at the serene location in term boosting the tourism of the town.

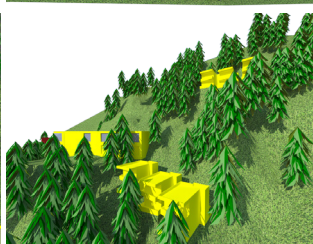

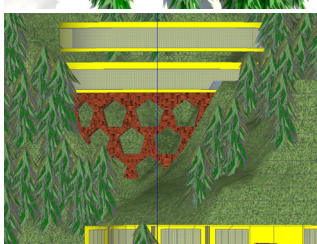

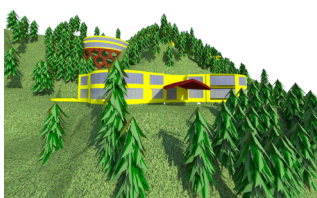

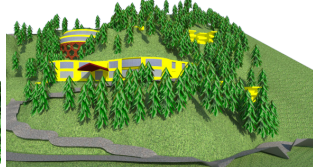

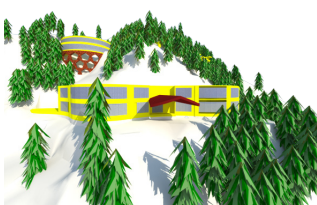

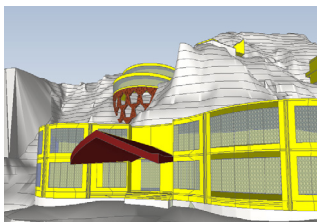

Concept

Designed in a contemporary style with elements picked from local style buildings, the site is accessible from two roads at different levels. The steep contours are treated with utmost care without disturbing the natural drainage. Spaces are carved in the pockets as available with curves following the environment.
