

# GUESTS | VOICE ACTORS & MUSICIANS

## Acen Guests

Acen invites many guests to the con every year. Some come back every year, others you just have to be lucky to catch them that year.

With that said, you can meet manga artists, directors, creators, voice actors, and musicians. Acen brings in both American guests and International guests! Not only do you get to be around these guests, you can also get autographs from them during certain times of the con! Not all guests autograph but most of them do. The musical guests set up concerts and sometimes stay from autographs as well.

Be sure to pay attention to the program guide for all of the scheduled times for autographing. Some have multiple times and some only have one so don't miss out! Depending on who it is pictures are also allowed. Don't forget your badge!
