

LIVING AT 400 THE FENWAY

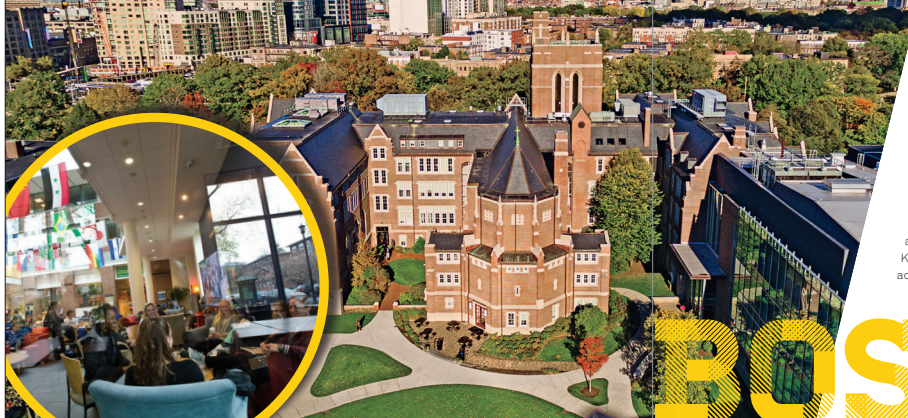

Campus life at Emmanuel College has often been described by students as “the best of both worlds”—living on a residential campus setting with green space, in the heart of one of Boston’s most vibrant neighborhoods. The campus and the Fenway are where students call home for four years; a home with Saints spirit, intellectual vibrancy, hundreds of events and, best of all, no commute to class!

Life in your residence hall is not just about sleeping and studying, but about making connections with fellow students and dedicated residence life staff committed to your well-being and personal development. It’s a true community experience—dorm competitions, watching big games in the lounge and hosting club activities.

Let’s not forget about the food. At Emmanuel, the dining choices are top-notch, with plenty of variety. Our main dining hall, the Atrium Café and the Muddy River Café (“The Muddy”) offer a range of options for eating in or taking out, while accommodating special dietary needs like gluten-free and vegan. Along with our food service partner, Bon Appétit, we are also committed to sustainability, locally sourced food and the health of our community.

WORLD’S GREATEST

COLLEGE TOWN

94%

of first-year students live on campus.

Living the Student Life

We are a college of doers. Emmanuel students are active, excited and proud of their school, and it shines through in everything we do—from cheering on varsity athletic teams and carrying on beloved class traditions to organizing campus-wide events and initiatives and participating in more than 90 clubs, organizations and activities. We achieve at the highest level in everything from a cappella singing to Model UN conferences, garnering awards and accolades along the way. It’s our diversity of interests that brings us together as we explore new passions, grow as individuals and emerge as effective leaders across a broad range of endeavors.

Living the Mission

The Sisters of Notre Dame de Namur founded Emmanuel College in 1919 with the belief that education changes people. Nearly 100 years later, we continue to live out their timeless legacy. Many of the great challenges facing society today—from safeguarding the health of our planet to fighting inequality—have dimensions that cannot be learned in a classroom, studio or lab. As a student at Emmanuel, you will have the opportunity to extend your learning outside the classroom and to be a good citizen and caring neighbor to Boston-area communities. It is part of who we are as a Catholic college, and the experiences stay with our alumni throughout their lives.

LIVING

Living in the World’s Greatest College Town

Our home in the heart of the city is a huge part of the Emmanuel College experience. Boston is a place where past meets present, from the steps of the Freedom Trail to the shops of Newbury Street. Our students enjoy all city life has to offer—exhilarating games by our hometown sports teams, tons of green space and waterfront views, celebrated works of art, music and theater, and of course, some of the best food in the country. We are just blocks from such landmarks as Fenway Park, the Museum of Fine Arts Boston and Kenmore Square, and adjacent to one of the most renowned academic, research and medical centers in the world.
