

Introduction

Thank You for investing your time to take a look at my Portfolio. The following is a glance at some of my career as a Senior **Design Professional**. It is my intention to give you an idea of the variety of projects in which I've been involved throughout the years. Again, I appreciate the opportunity given to showcase this work.

Recommendations

"Having lived and worked in Puerto Rico, Juan brings a multicultural flavor to life, as well as his work in the field of architecture. With a residential background, it can be difficult to transition to the rigors of commercial "design by committee." Juan did so seamlessly, and without sacrificing his passion for aesthetics. As a project manager, he offers unique perspectives on everyday design problems and does not shy away from critiquing solutions effectively. As a person, Juan is open-minded, selfless and always pleased to offer a helping hand. He, without any doubt, can be an integral part of any office or professional venture."

-Jason Hearn, Assoc. AIA, LEED AP

"Working with Juan on a daily basis has been a delight. He is always willing to help out whether it is his project or not. He is knowledgeable, very creative and up to date on the latest trends. It's a pleasure to work with him. I would recommend him to others without hesitation."

-Niren Kalathiya, LEED AP

"I have known Juan Nater in the capacity of Project Manager during my work term in Ammon Heisler Sachs Architects. During the period of 4 and a half years that I've known Juan, he has consistently demonstrated a strong work ethic and a dedication towards every work from start to completion. He is an excellent manager and his eye for detail always unfolded all creases in the project. Juan is organized, efficient, extremely competent, and has an excellent rapport with people of all ages. Juan is an honest, hardworking and dependable person to work with. I've known him to be a great manager, colleague and a friend."

-Arunima Charterjee, LEED AP
