**BALENCIAGA is Now Open at Highland Park Village**

BALENCIAGA at Highland Park Village first draws inspiration from the artistic DNA established by Cristóbal Balenciaga in 1937. The signature radical silhouettes of BALENCIAGA are mirrored in the graphic boutique design, a mixture of classical marble and modern chrome. BALENCIAGA presents a comprehensive selection of women's ready-to-wear, handbags, shoes, jewelry, small leather goods, jewelry, sunglasses and fragrance collections within discrete, intimate spaces alluding to the BALENCIAGA couture tradition. The timeless modernity of the House continues.

**Christian Louboutin Men's Shoes**

Christian Louboutin's men's styles are made using the "Goodyear" welt construction technique that was invented by Charles Goodyear Jr. As the chosen technique of high-end shoes, they are regarded as providing the best comfort and durability. The notched heel is a mark of true bench-made shoes. The function is intended to extend the life of every pair of shoes. The quality of Louboutin's men's styles, partnered with the signature red sole, make any of these shoes the perfect gift for dad.

**Visit Trina Turk and Shop our New Summer Arrivals**

Summer Inspiration from Trina Turk...

"Our Summer Road Trip continues, through the warm desert, and then west-bound to the beach. Styling is casual, but with a flirty element. Mixing and Matching is essential for your road trip wardrobe. Prints can be worn as a set or deconstructed into separates with a coordinating print or solid Suki jean. With the weather heating up, placed cut outs, cropped silhouettes, and fluid shapes remain important details for our summer collections. Fabrics are lightweight and airy, allowing an effortless, easy, feminine shape."
