

روزود أبو ظبي

ROSEWOOD ABU DHABI

OPENING 2012

Rosewood Hotels & Resorts® is pleased to present Rosewood Abu Dhabi, a landmark five-star high-rise hotel in the United Arab Emirates featuring approximately 190 spacious guest rooms and suites and 140 serviced residences.

Set to debut in 2012, the luxury business hotel will be located on Sowwah Island, the core of Abu Dhabi's new Central Business District between the prestigious commercial development Sowwah Square and the Cleveland Clinic Abu Dhabi.

Inspired by the glistening Arabian Gulf and the vast desert that surrounds Abu Dhabi city, Handel Architects have designed a dramatic 34-story tower covered with reflective glass--chosen for its daytime shimmer and its nighttime luminescence. The inspiration for the hotel's interiors comes from the meeting of land and sea, desert and sky. Inside, sophisticated interior design and architectural elements will be paired with traditional Middle Eastern textiles and details, comfortable furnishings, and flowing fabrics in warm colors.

#### HOTEL AMENITIES
