Thank you for your generous support which enabled us to receive numerous letters like this one. With your assistance we were able to realize our mission: **that members of our community are not denied therapy due to lack of funds.**

Yesh Tikvah recognizes the benefit of early intervention in mental health issues. By undertaking to subsidize the exorbitant costs, by allowing clients to see the therapist of their choice, and by maintaining the utmost confidentiality, Yesh Tikvah has helped suffering individuals and their families build a brighter future.
