

WANNA RIDE? I DO.

*I lost my leg to an IED
in Iraq. With your support,
CAF helps challenged
athletes like me get back
on the road to success in
sports and in life.*

ANDY HATCHER

The Challenged Athletes Foundation gets challenged athletes to the starting line. Help fund their equipment, training and competition expenses by participating side-by-side with challenged athletes in the Dodge Million Dollar Challenge, a 7 day, 620 mile ride down the California coast, or the CAF Back to Back Century Series. Register for an event or make a donation to give people with physical disabilities the gift of sport.
