Reduce Waste

Make the best use of everything. Recycle.

- Develop creative thinking, turn wastes to treasures

- Enhance at-source supervision and management, reduce end-process treatment costs

- Use non-toxic, on-hazardous substance or chemicals, reduce generation of toxic and v wastes

- Reduce plastic waste by saying "NO" to disposable items and plastic bags; bring your own shopping bag

- Don't waste food, value it

Cleaner Production

Save Energy, Reduce Consumption, Reduce Wastes, Increase Efficiency
