Embroidered Emblems

When it comes to custom designed emblems the sky is the limit. At Advance Prestige Line, we can help you custom design an emblem to almost any requirements for practically any occasion, event or organization.

Helpful Hints

The following are some helpful hints to keep in mind as you consider designing your custom embroidered emblem.

- * Simple = beautiful. A simple design is much better than an ornate one. Remember we are dealing with solid thread colors, not shades and nuances like a painting.
- * Size: Measure width plus length and divide by 2. Fractions over 1/8" round up, i.e., $3 \frac{3}{8} + 3 = 6 \frac{3}{8}$ divided by 2 = $3 \frac{3}{16}$ priced at $3 \frac{1}{2}$. Fractions 1/8" or smaller round down, i.e., $3 \frac{1}{4} + 3 = 6 \frac{1}{4}$ divided by 2 = $3 \frac{1}{8}$ priced at 3".
- * Color: Price includes up to 9 colors. Add \$0.06(v) per additional color per patch.
- * Thread: price included standard thread colors. Metallic add 10%-25% to base price. Neon add 5% to base price.
- * Material: Price includes standard twill. Neon, felt, durasuede add 10% to base price.
- * Backing: Price includes plastic back. Other options available at additional charge.
- * Border: Price includes merrow. Hand cut or laser cut border add \$.06(v) each patch. Button loop add \$.07(v) each patch.
- * We try our best to match colors to the original art. Exact color matches are not always possible. If color match is critical, please provide PMS colors.
- * Irregular shapes require laser cut borders. We recommend plastic backing to help reduce fraying.
- * Specialty threads are available at an additional charge of 15 to 25% based on coverage. Specialty threads available are: gold, silver, red, blue and purple metallic, neon, photochromic, glow-in-the-dark.
- * Custom embroidered emblems are shipped 28-30 days from approval of artwork or resolution of any problems.
- * Pre-production samples are available at a cost of \$60.00, payable in advance. Upon your first order, you will receive a credit of \$50.00 of the advance payment. Production time of pre-production samples is approximately 1 1/2 weeks.
- * Rush Service is available at a 25% surcharge. Production time for rush orders is 10-12 business days after artwork is approved and all other problems are addressed. Please specify event date and desired method of shipping.

Lapel Pins

Lapel pins are a perfect way to show appreciation, acknowledge achievements, promote messages or events. They are also a great way to proudly display the name or logo of your favorite club, team or organization.

Helpful Hints

The following are some helpful hints to keep in mind as you consider designing your custom lapel pin.

- * All colors must be separated by metal.
- * Metal is available in gold, silver, bronze or black.
- * Size: Measured across the widest point of the pin. (A square is measured diagonally.)

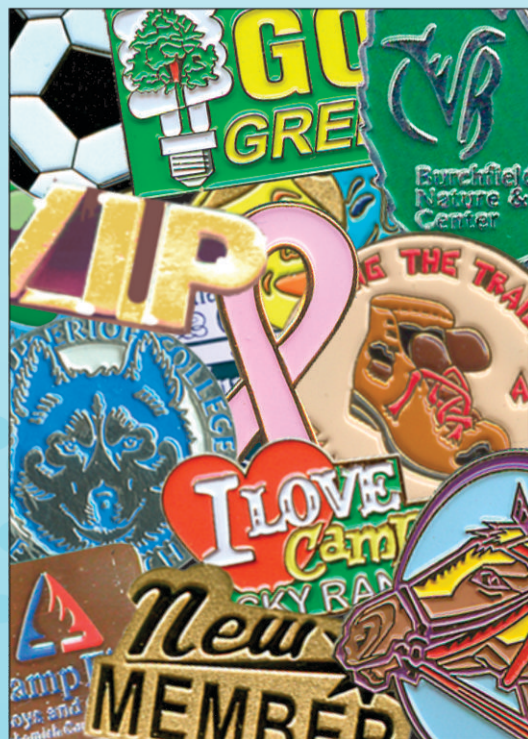

- * All pricing includes up to four colors. The metal is not considered as one of the four colors.
- * Production standard is 30-35 days.
- * Specialty finishes are available at an additional charge: sandblasted, antiqued, 3-D die. Ask your representative for details.
- * The outer edge of the pin and any small lettering will be metal.

- * We try our best to match colors to the original art. Exact color matches are not always possible. If color match is critical, please provide PMS colors.
- * Pre-production samples are available at a cost of \$60.00, payable in advance. Upon your first order, you will receive a credit of \$50.00 of the advance payment. Production time of pre-production samples is approximately 2½ weeks.

- * Your choice of either butterfly (military) clutch or safety pin backing are included in the base price. Other backing options are available for an additional charge.

A simple yet effective way to get people to take notice of your event, promotion, organization or to acknowledge those who rise above!

(Die Struck: Base is on thick brass material, by using mold to strike out the design and then filled with paint colors. You can also feel the dividing gold line.)

Die Struck lapel pins are a true classic. This style is the most commonly used of the lapel pins. Their design and distinct appearance make them a favorite of corporations and non-profit organizations.

More moderately priced than the Cloisonné pins, Die Struck fits well into any budget and will quickly become a cherished keepsake.

(Cloisonné: HARD ENAMEL- Base is on thick brass material, by using mold to strike out the design and then filled in with hard enamel powder colors. Hard Enamel has a smooth surface, so you can't feel the gold line.

Cloisonné lapel pins are highly regarded because of their unique appearance and modern appeal.

When it comes to winning over new customers, nothing makes a better first impression than a cloisonné lapel pin.

This outstanding style of lapel pin creates a product rich in style and detail. Cloisonné is the obvious choice for customers looking for lapel pins with a fine jewelry finish and higher perceived value.
