

Feel the Pulse
30' by 30' Booth

Feel the Pulse Booth

Concept

The Karmin "Feel the Pulse" booth was designed to be a part of Karmin's Pulses tour. At the different concert locations, VIPs would be invited to the booth for a before or after party. The idea is to have a more intimate space so fans could actually be closer to the performance and not feel crowded. The booth would feature a stage for live performances, VIP lounge, bar, merchandise shelves, and an area for step and repeat photos.

The booth was designed to have an open feel (to allow for flow of attendee's) for use in either an outdoor or indoor location as Karmin performs both indoors and outdoors.
