Welcoming from the President of AABE VA Chapter

Dear Members and Guests:

On behalf of the Virginia Chapter of AABE, I welcome you to our Chapter Facebook page. The Virginia Chapter of AABE was established in 2011. Our goal is to engage other energy professionals in Virginia, who want to serve as resources for energy policy discussions, develop leadership skills, gain energy industry knowledge and share this knowledge with the community. There are also opportunities for mentoring, networking, and coalition building through a variety of events and activities. We also meet periodically through the year for educational and professional development opportunities that are designed to help our members attain their career objectives and aspirations.

Sincerely,
Ed Baine
President
Virginia Chapter
American Association of Blacks in Energy

About

The purposes of the Virginia Chapter of AABE include the following:

- Engage energy professionals in Virginia
- Serve as resources for energy policy discussions
- Develop leadership skills
- Gain energy industry knowledge and share this knowledge with the community
- Provide mentoring, networking, and coalition building opportunities
- Help our members attain their career objectives and aspirations

Mission

The American Association of Blacks in Energy (AABE) is a national association of energy professionals founded and dedicated to ensure the input of African Americans and other minorities into the discussions and developments of energy policies regulations, R&D technologies, and environmental issues.
