

## How Many Of Us Take Transit Everyday?

It's really not fun. Crowded. Pushy. Weird smells. REALLY weird smells.

So I decided to make taking transit everyday worth my while and take pictures of some of the people that suffer with me day in and day out. Granted, you never see the same person twice usually. But you can come across some unusual ones.

Man, is it awkward when they notice you taking pictures though...

## You Never Know Who's Watching...
